PROFESSIONAL SUMMARY

Results-driven Data Analyst and BI Developer with hands-on experience in SQL, Power BI, and Excel. Demonstrated ability to design interactive dashboards, build data models, track KPIs, and translate complex datasets into actionable business insights. Skilled in DAX, Power Query, and data storytelling, with a proven track record of improving operational decision-making and team performance through data-driven solutions.

CORE TECHNICAL SKILLS

Data Visualization & BI: Power BI (DAX, Data Modeling, Power Query), Excel (Pivot Tables, LOOKUPS, Conditional Formatting, Power Query)

Database & Querying: SQL — Data Extraction, Transformation, Cleaning, and Aggregation

Dashboard & Reporting: Interactive KPI dashboards, performance monitoring, automated reporting

Data Skills: Data Cleaning, Data Modeling, Data Storytelling, Actionable Insights

Soft Skills: Stakeholder Management, Problem-Solving, Cross-functional Collaboration, Effective Communication

PROFESSIONAL EXPERIENCE

Operations Validation Coordinator | BreadFast, Egypt

Nov 2025 – Present

- Analyzed historical operational and complaint data using Google Sheets and Excel to measure branch performance and track improvement trends, enabling data-driven decision-making.
- Built and maintained performance dashboards and reports that helped leadership monitor branch KPIs and operational accuracy in real time.
- Validated and audited branch supplier returns data, identifying discrepancies and improving data accuracy across operations.
- Prepared weekly and monthly insights reports for stakeholders to support process improvements and enhance customer satisfaction metrics.
- Collaborated cross-functionally with branches and internal teams to streamline reporting processes and improve operational service quality.

Community Support Representative | Khazna Tech, Egypt

Sep 2024 – Aug 2025

- Maintained accurate documentation and records of customer interactions, identifying feedback trends to surface actionable operational insights.
- Provided data-backed operational feedback to improve service processes and reduce recurring issues.
- Supported knowledge-sharing and best practice alignment across teams to maintain service consistency.

Customer Success Specialist — SME | Teleperformance, Egypt

Apr 2023 – Sep 2024

- Served as Subject Matter Expert (SME), performing KPI performance analysis and providing onboarding support for new agents on the Talabat Partner Support account.
- Monitored daily KPIs across a team of new agents, analyzing performance data to identify training gaps and reduce escalations.
- Delivered data-driven coaching strategies in collaboration with supervisors, resulting in measurable improvements to team KPI scores and customer satisfaction.

PORTFOLIO PROJECTS

Sales Performance Dashboard — Power BI & Excel

- Designed an interactive Power BI dashboard using Excel-sourced sales data to track revenue, profit, and product performance across multiple dimensions.
- Enabled stakeholders to monitor real-time KPIs and sales trends, improving decision-making speed and data visibility.
- Applied DAX measures and calculated columns to deliver dynamic filtering and drill-through capabilities.

Real Estate Property Management Dashboard — Power BI

- Cleaned and transformed 10,000+ rows of raw property data using Power Query, resolving data quality issues before analysis.
- Built a dynamic multi-page Power BI dashboard with DAX measures, calculated columns, and relational data modeling across multiple tables.
- Delivered actionable insights on property performance, occupancy trends, and financial metrics for business stakeholders.
